FINE JEWELRY

PRINT THE RING SIZER BELOW

(To be printed in real size, without scaling.)

IMPORTANT NOTE BEFORE PRINTING

In order to be sure that your ring sizer has been properly printed at its actual size, check that the scale below measures 5cm.

Step 1

Choose a ring that correctly fits the finger that you are purchasing the ring for. The size of your fingers may vary from one hand to the other. The engagement ring and wedding band are most commonly worn on the “ring finger” of the left hand.

Step 2

Lay the ring over each of the size circles below, until you are able to closely match the inside edge of the ring to one of the circles on the guide. Your ring size matches the circle when the black line appears completely inside the ring.

Step 3

If your measurement falls between two sizes, always opt for the larger size to ensure the most comfort.
